Highland Park Buildings

Highland Park has made a great change in buildings within the past two years. In February, 1926, the auditorium-gymnasium was completed. This gave a more adequate assembly place and an opportunity for basket ball.

Then in November, 1926, the new grade building was completed. At the same time an adequate sewerage disposal plant was constructed and numerous improvements made to the High School and the grounds. The new grade building is unique in this section. It is of the California bungalow type with one story and no basement. The modern system of lighting and inside arrangements have been carried out and Highland Park now has a grade building of ten rooms which ranks with the best. The building faces a court with no exits on the streets. This gives a maximum of safety and convenience in handling the children. The welfare of the child was the chief thing considered in the design and construction of the new building. Slate blackboards, unilateral lighting, and the best of seating are among the items included.

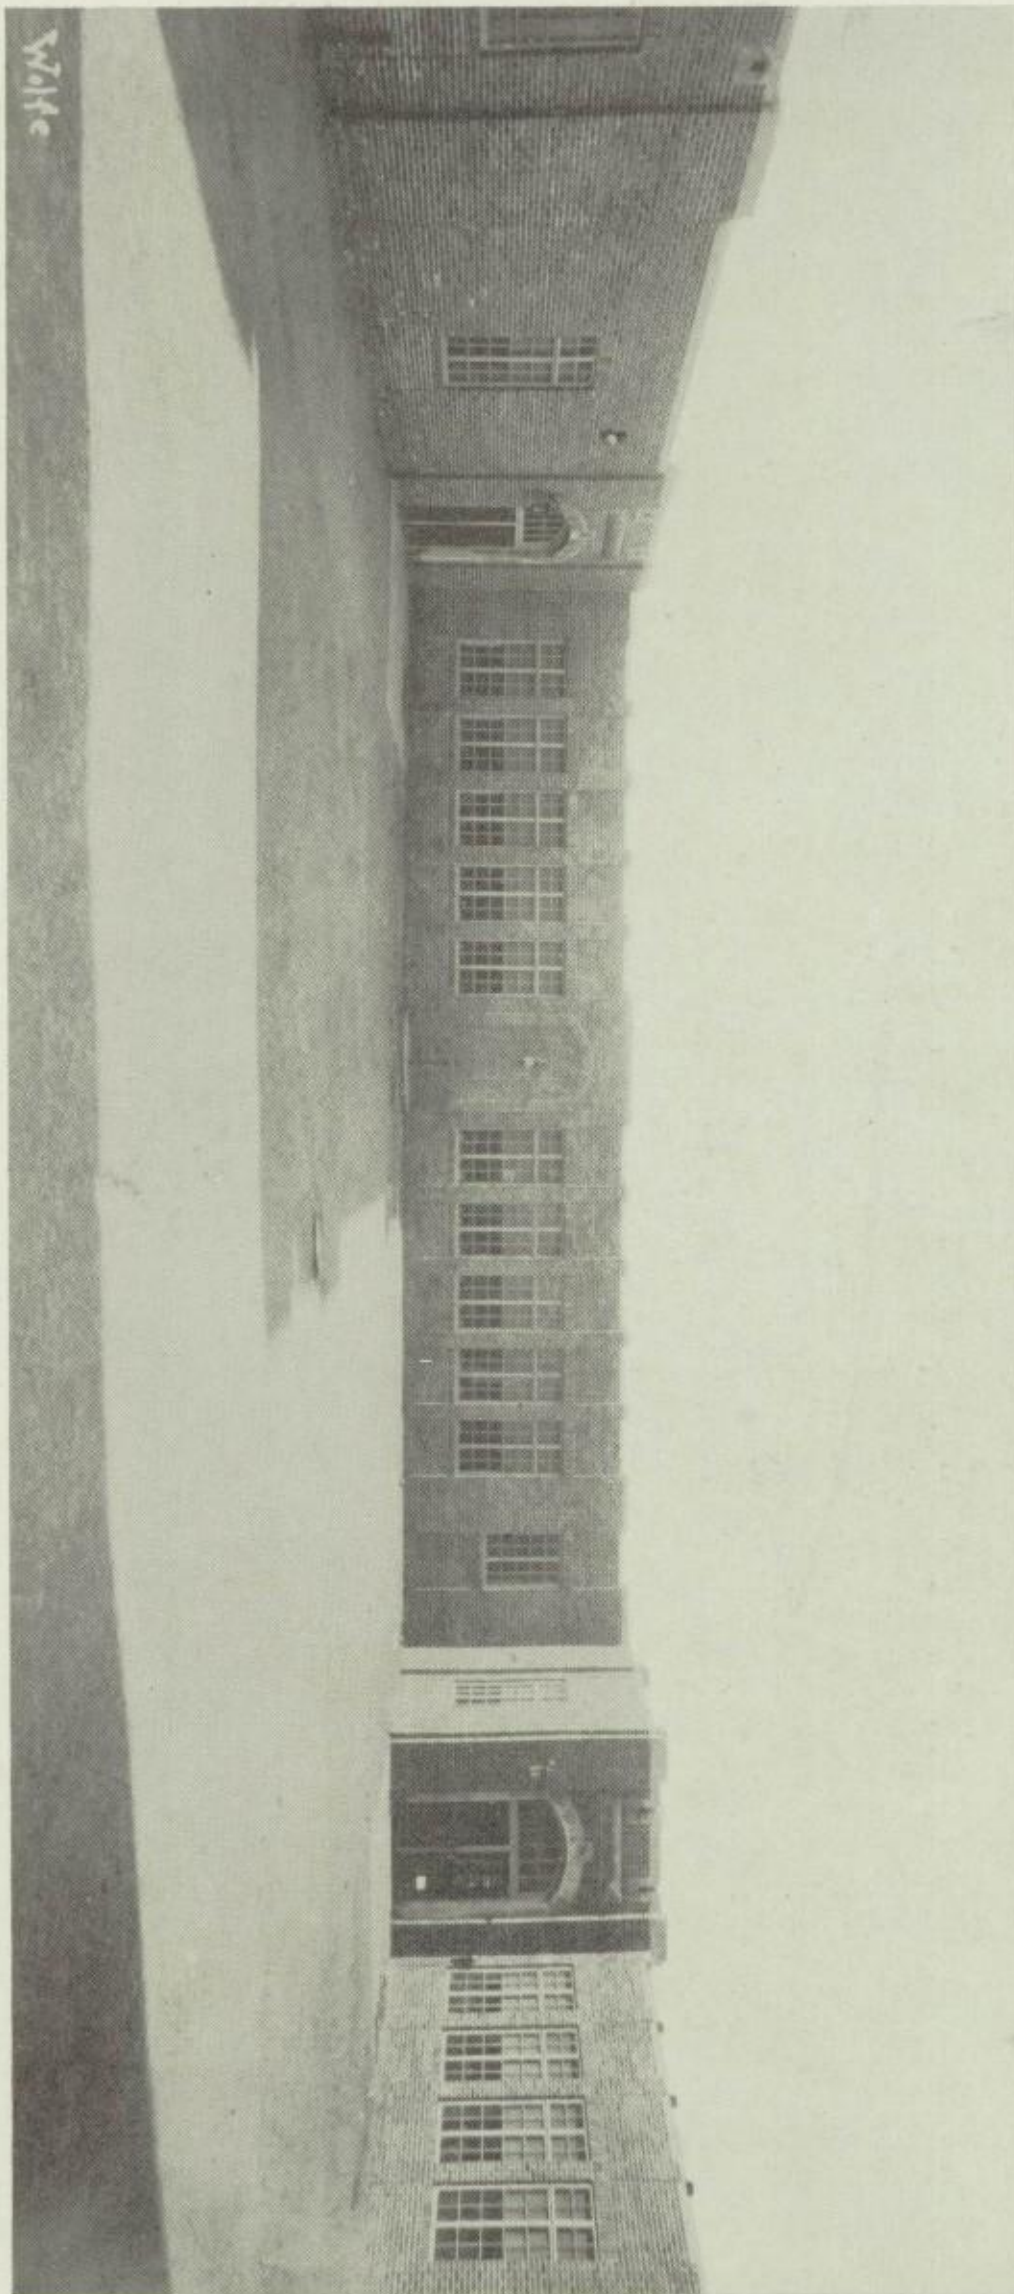

Thos. W. Williamson and Co. designed the new building and The Stimson Construction Co. built it. Geo. W. Sutherin and Sons did the plumbing and heating work; and the A. Tucker Electric Co. did the wiring and lighting work.

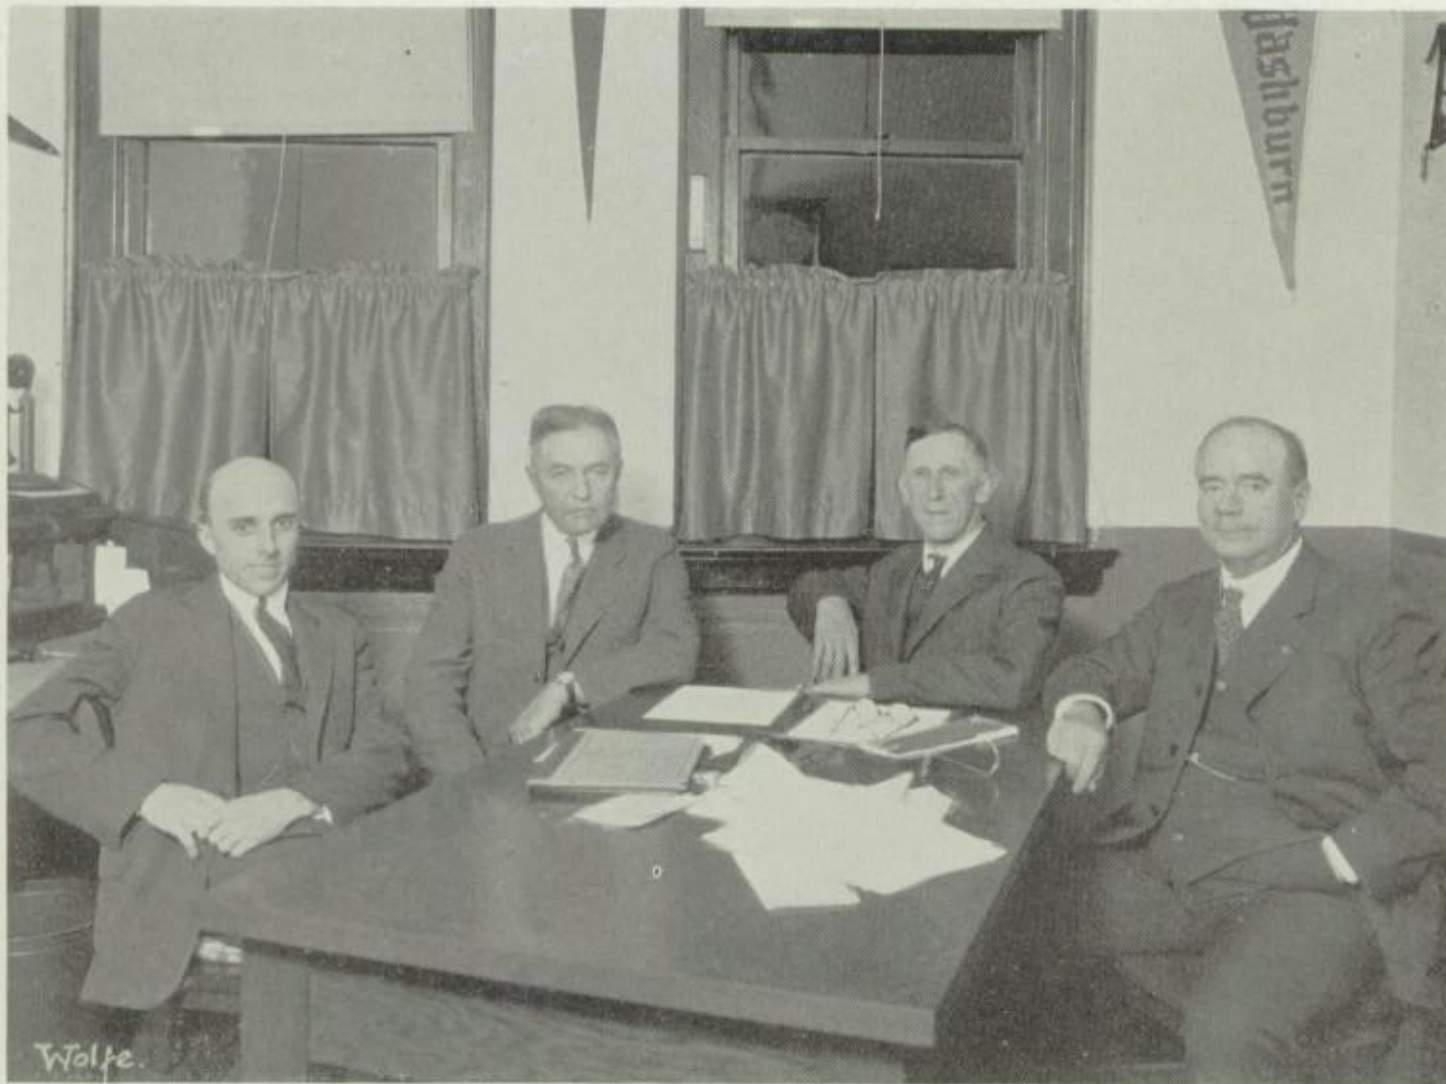

The seating and general furnishing of the building was handled by The Peabody School Furniture Co. The work of this firm did much to make an attractive interior to our building.

L. H. Mosser	Superintendent
C. P. Buck	Director
E. W. Estes	Clerk
J. E. Griest	Treasurer

The Board of Education has given a large amount of time and service to the building of the Highland Park Schools. The present Board was organized April 9, 1926 when J. E. Griest became a member. Ten days later the old grade building burned and immediate plans were necessary to call a bond election and arrange for a new building.

The members of the Board well represented the District. Mr. Buck with his technical knowledge and his ideal for a high-class school has rendered invaluable service. Mr. Estes, who at all times has been interested in an efficient school, deserves the highest praise for the time and thought he has given to this work. Mr. Griest, with his wide experience and his genuine interest in young people, has given splendid service during this period of the schools life.

In all, twenty-five meetings of the Board were held. The spirit of unity prevailing was responsible for much of the success of the school and is worthy of note that the meetings were attended by all members.

They have truly been a Board of Directors and have placed the responsibility for carrying out their policies upon the superintendent and the faculty. The policies of the schools have at all times been in the hands of the Board.

The Student Senate

The Student Senate, the legislative body of our school organization, is composed of representatives of all the classes and it works with their adviser, Mr. Mosser, in the formation of the program of school activities. They plan events that are "all School" in nature and head the committees that carry out the plans. A better school spirit grows out of this co-operative work.

The Representatives to the group are: Seniors, Melvin Lewis and Mabel Bloch; Juniors, Rudolph Ketcherside and Warren Boast; Sophomores, Deward Estes and Marguerite Stapleton; Freshman, Eugene Lair and Philip Mills.

BOOK II

The High School

Seniors

Four years ago we looked at the Seniors as demi-gods, and dreamed of the days when we should have reached the top. Now, having arrived, we are sorry that we must leave. Happy days, full of useful work and joyful play have been our experience in High School life. The sympathy and help of our teachers will remain with us as one of the outstanding features of education.

Being a peppy class, we have always had a good social time. The burden of the three past years work has been lightened with frequent parties and get togethers that have always been well attended. This year, being our last, has been the best. Seldom has a class enjoyed such whole hearted fun.

Our enthusiasm is very thorough, so we are represented on the entire round of school activities. Especially do we shine in Athletics. The Football team gave splendid results under the guidance of John Bessant. He was reenforced by Johnson, Lewis, Nelson, Wettengel and Calderwood. Again, on the Basket Ball court we were ably represented by Royer, Lewis, Wettengel, Calderwood and Bessant. The boys have had to share their honors this year with the girls. Joy Reynolds has the honor of being the captain of the Girls' Basket Ball team that won the State Sportsmanship Trophy. Joy did not play the games by herself though. Her team-mates from our class were Cross, and Bloch. We are very proud of them.

In the finer arts the Seniors also make a good showing. In the Glee Clubs the Class is represented by four girls and four boys. Juanita McKelvey and Alfred McNemar represented H. P. in the County Music Contest by singing Contralto and Baritone solos, respectively. In the Dramatic Club we were found, Reynolds, Siegfried, McKelvey and Wilder being our representatives.

And lastly but not least, is the Senior Play, "The Road to the City," with John Bessant and Mabel Bloch in the leading roles. The story is of a young girl who confuses true love with wealth and position. She realizes her mistake when it seems almost too late. After she has committed a deed that will darken her whole life, she awakens to find that it has been a dream. She then marries the man she really loves and the villain gets his just dues.

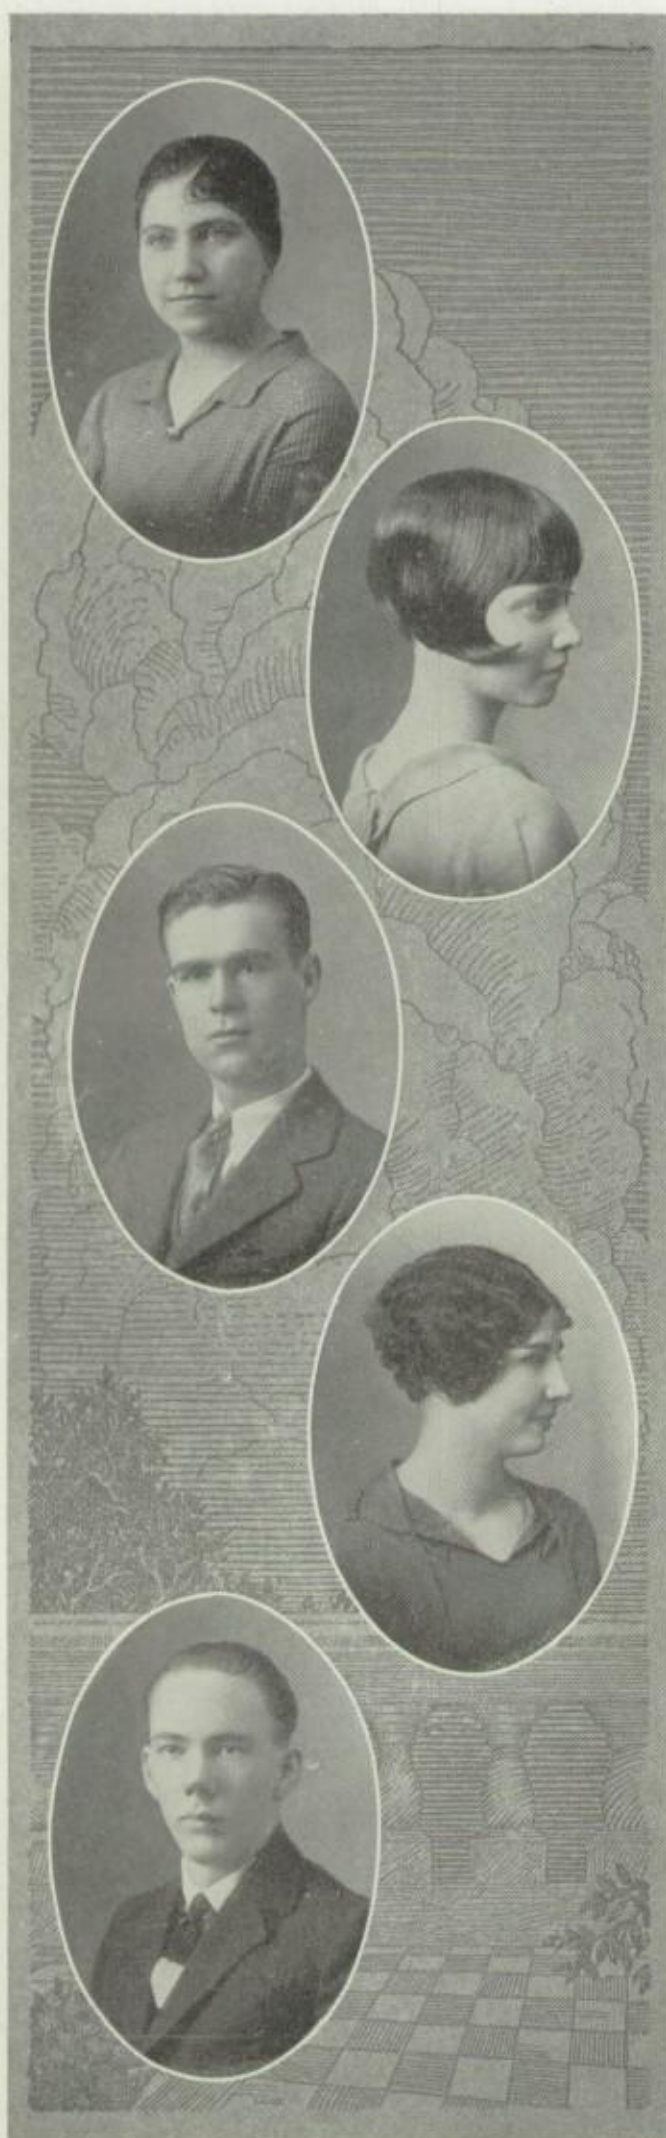

It was well presented and well received.

Three years ago, in September, we first entered these halls of learning. We soon adapted ourselves to the new system and took up the serious business of being educated.

Now we are Juniors and Rudolph Ketcherside reigns supreme with the honor of Junior President. Others may question the ability and talents of this remarkable group, but the members themselves entertain no doubts.

Our class has contributed the following persons to school organizations: Martha Mills, Jesse Hassebroek, Sylvia Sassman, Goldie Ketcherside, Emma Eberhart, and Irene Roller to the Girls' Glee Club; Karl Root, Matthew Everist, Rudolph Ketcherside, Garfield Richard and Louise Thompson to the Dramatic Club; Sylvia Sassman, Fern Wylie, Jessie Hassebroek and Louise Thompson upheld our colors in Girls' Basket Ball. Sylvia Sassman took second place in the state contest for free throwing. Vern Brunton played on the boys' squad; William Bergman, Vern Brunton and Sims Thompson played football. Mildred Petty, Sylvia Sassman, Robert Eakins, Henry Dennis, Louise Thompson, Lenora Thomas, Warren Boast and Zella Roller were members of the Spanish Club organized last fall. Warren Boast played in the orchestra and was also chosen as Junior Representative in the Student Senate. Irene Roller was accompanist of the Girls' Glee Club and also Assistant Editor of the Annual, and Karl Root was Assistant Business Manager.

Our class gave a rummage sale in Topeka to help raise money for the Junior and Senior Banquet. We also sold tickets at certain programs and plays at the school for the same purpose. Next year we hope to fill the exalted position of Seniors in such a way that it will be a credit to Highland Park.

Sophomore Class of '29

Hearken, Oh Highland, and you shall pore
O'er the class that's known as Sophomore.
With its colors of white and violet too
Honor and love does keep us true
To the school that respects the golden rule.

With Deward as president, brave and wise,
We work, we play, and the time just flies!
In dramatics and glee clubs we match the rest;
On track, in baseball we do our best.
Ardor in football, basket ball too,
Our thirty odd members display with you;
Pushes our rivals into defeat
Until we can only observe their retreat.

Oh the pep, You Bet! that is shown in class
Pure and supreme it leavens the mass
Pharos-like shining thru' fog and mist.
Stern Caesar, Spanish Music and Math
Are subjects that teach of life's sure path
Of beauty, character, logic, truth.
Finance in Sophia's care resides
'Abalance on hand for what betides'
Is her slogan, expedient wise.
Then Clif as vice president can't be beat
Faithful busy, at all times discreet.

Of the twenty-first day, second month of the year
Nineteen and twenty seven A. D.,
Do we Sophies relate a function of cheer
Expressing our spirit of fun and glee
We're strong! We
Faint not—fight on—"Tomorrow" comes our song
With a well meant cheer

*"Razzle-dazzle never frazzle
Not a thread but wool
All together, all together
That's the way we pull."*

Hurrah for the Freshmen! The peppiest class in school. Freshmen are and always will be called "green," but we are proud to say our greenness has rapidly turned to a paler shade.

The Freshmen have taken an active part in social events. Our class was well represented at the all-school party given at the Gymnasium. We also had a Valentine Party for our class. We had a "real" May party with the Faculty as guests.

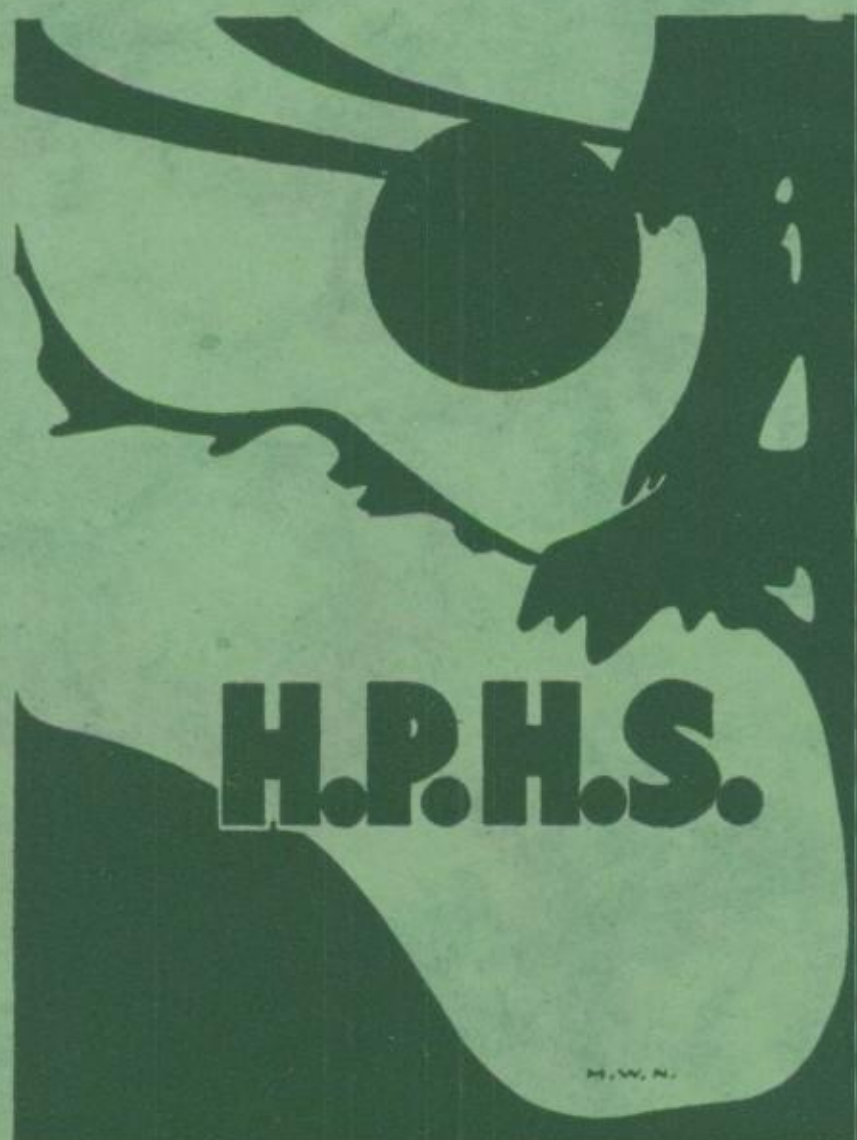

There were five Freshmen out for Boys' Basket Ball; two out for Girls' Basket Ball; one member in the Dramatic Club; five members in Girls' Glee Club; and one in Orchestra. All in all our Freshmen year has been a delightful one with Miss McDonald's help.

Organizations

The Parent-Teacher Association

On the twenty-sixth of last March a community meeting was held for the purpose of discussing the organization of a Parent-Teacher Association. This year the organization was perfected with Mr. Frank Richard, president; Mr. S. C. Iwig, vice president; Mrs. Walter Chubb, secretary, and Miss Wilma Shields, treasurer.

The Association will seek to provide information regarding literature of real benefit to teachers and parents along the line of child training, and aid to the development of the mental, physical, social, moral and religious factors in a wholesome way, all of which is essential to the complete personality.

The various projects of the Association bear directly upon the betterment of community conditions, the improvement of surroundings, the culture and refinement of participants, in the constant study of child nature and nurture with a view of becoming better parents and teachers.

Because the parent-teacher movement is state-wide and national in its scope, our local Parent-Teacher Association makes possible the contact of the local community with the resources and sources of an extensive field of service.

Our Parent-Teacher Association holds an unique place in this community because it is the only organization whose purpose is the development of closer relationship between the parents, patrons, and teachers of Highland Park.

The "El Ateno" Club was organized last fall with just the members of the Spanish III class. The latter part of January we had "try out" day for the Spanish II members and a number of them entered our club. Several times we had luncheons at the drug store followed by the business meeting. We also had a business meeting in the Spanish room, the luncheon consisted of hot tamales and pop. Mr. Mosser was our guest. We have a number of Spanish pictures in the room and have purchased a Spanish flag, dimensions 2x3 feet.

The Girls' Glee Club feels pretty proud of their room in the new building, we also feel as though we have accomplished a great deal with our music which is shown by our entering into the county achievement day, which was held at Seaman High School. Juanita McKelvey sang an alto solo, and May Oliver a soprano solo. The Glee Club also gave a selection. We presented our program before the high school in assembly one morning before we gave it before the other schools of the county.

Dramatic Club

Our Dramatic Club was almost an entirely new organization this year. Miss Oliver, our coach, led us along the ways of dramatic art through the slough of mediocrity, to the heights of fame. Our plays have been few, but we feel that they have been worth the effort and that the patrons of the school have enjoyed them.

The first play, "Believe Me Xantippe," was given January 28, 1927. The story was of a young New York man, George MacFarland, who bet Sole, a detective, and Brown, a young Lawyer, that he could commit a crime and escape the law for one year. His adventures finally brought him to the little cabin of Dolly Kammon, daughter of the sheriff. Dolly discovered who he was and took him to her fathers jail under arrest. Dolly was then made deputy by her father, but when the last day arrived the men came to collect their bet, they discovered that Dolly, not having been deputy before could not legally have made the arrest. When the play closed we were assured that the true lovers, Dolly and MacFarland, would be happily married.

A jolly good bunch of students we, students we, students we,
 A happier lot you'll never see, you'll never see, you'll never see.
 We're ready to sing or work or play, work or play, work or play,
 And stand for the right in every way, standing every day.
 Oh, here we come to praise our dear high school,
 Telling the world it helps us follow the golden rule.
 We'll sing her praises ever from morn till dark.
 Hail! Hail! Hail! Highland Park.

The Football Team

The football season of 1927 found Highland Park with a new and unexperienced team. The first game was lost in a hard fought battle against Topeka High second team at Chandler field, owing to the fact that the team had only one week's practice prior to the game.

The remaining games showed much improvement for the Highland Park team, three games being won, two lost and one tied. High scores during the season were uncommon.

The team was led by Captain John Bessant and coached by E. O. Selfridge. Highland Park next year will have a wealth of experienced material from the members of this year's squad.

Girls' Basketball

Here are the girl basketeers who comprised the 1927 Highland Park team: Joy Reynolds, Captain and Forward; Marguerite Stapleton, Forward; Sylvia Sassman, Jumping Center; Louise Thompson, Running Center; Helen Cross, Guard; Fern Wylie, Guard; May Oliver, Forward; Mabel Bloch, Center; Jessie Bell Hassebrook, Sub; Esther Chubb, Sub; Margaret Lemons, Sub; Virginia Rhoades, Sub; Sophia Shapiro, Sub.

The team at the beginning of the 1927 season was a team entering its second year of county league basket ball. "But you can't keep a good man down" so the team proceeded to put itself on the map by winning the County League Championship.

The games played were as follows: Highland Park 26, Auburn 18; Highland Park 19, Washburn 12; Highland Park 12, Seaman 12; Highland Park 25, Berryton 6; Highland Park 19, Auburn 13; Highland Park 29, Washburn 4; Highland Park 14, Seaman 12; Highland Park 15, Berryton 6.

To top off the season the girls' team was sent to the Kansas State Tournament at Wichita. They lost their first game to Meade, Kansas, 18 to 23, but brought home greater honors when they were chosen among the 32 entries as the team showing the best sportsmanship. They were awarded a trophy which stands about 22 inches high. This trophy consists of a bronze base upon which is mounted a silver statue of a woman holding a wreath.

The girls, who were accompanied on the trip by Coach Ruth Weaver, are: Captain Joy Reynolds, Marguerite Stapleton, Sylvia Sassman, Helen Cross, Fern Wylie, May Oliver, Mabel Block, Louise Thompson, Esther Chubb and Jessie Bell Hassebrook.

Without a doubt the girls' team of 1927 was a fine one. Fern and Helen were consistent in their guarding. Sylvia and Louise kept the center court red hot, while Joy and Marguerite as forwards carried out their job of running up the score.

Basketball First Team

Basket Ball, a new sport at Highland Park, brought many people in closer communication with the school this year. The basket ball season began with the registering of twenty members as a response to Coach E. O. Selfridge's call for players.

The season started Highland Park off with a victory from Auburn, but the victory was soon checked by Washburn. However, the perfect score of Washburn, the winner of the County High School Basket Ball League, was lowered when the Highland Park team defeated Washburn in a fight to finish battle on the Highland Park court. This is the first defeat Washburn has suffered in two years.

The season ended with a defeat by Manhattan at the District Tournament. The final count showed Highland Park having won five games and lost four.

Highland Park	36	Auburn	16
Highland Park	13	Washburn	30

Highland Park	21	Berryton	26
Highland Park	19	Hoyt	34
Highland Park	16	Manhattan	27
Total	225		237

Basketball Second Team

The Highland Park Basket Ball second team took part in several games. Credit is due to these boys as they were a great help to the first team in practice.

Although the second team did not play any league games it will help give the future team of Highland Park experienced material. Only one game was lost by this squad.

Baseball Team

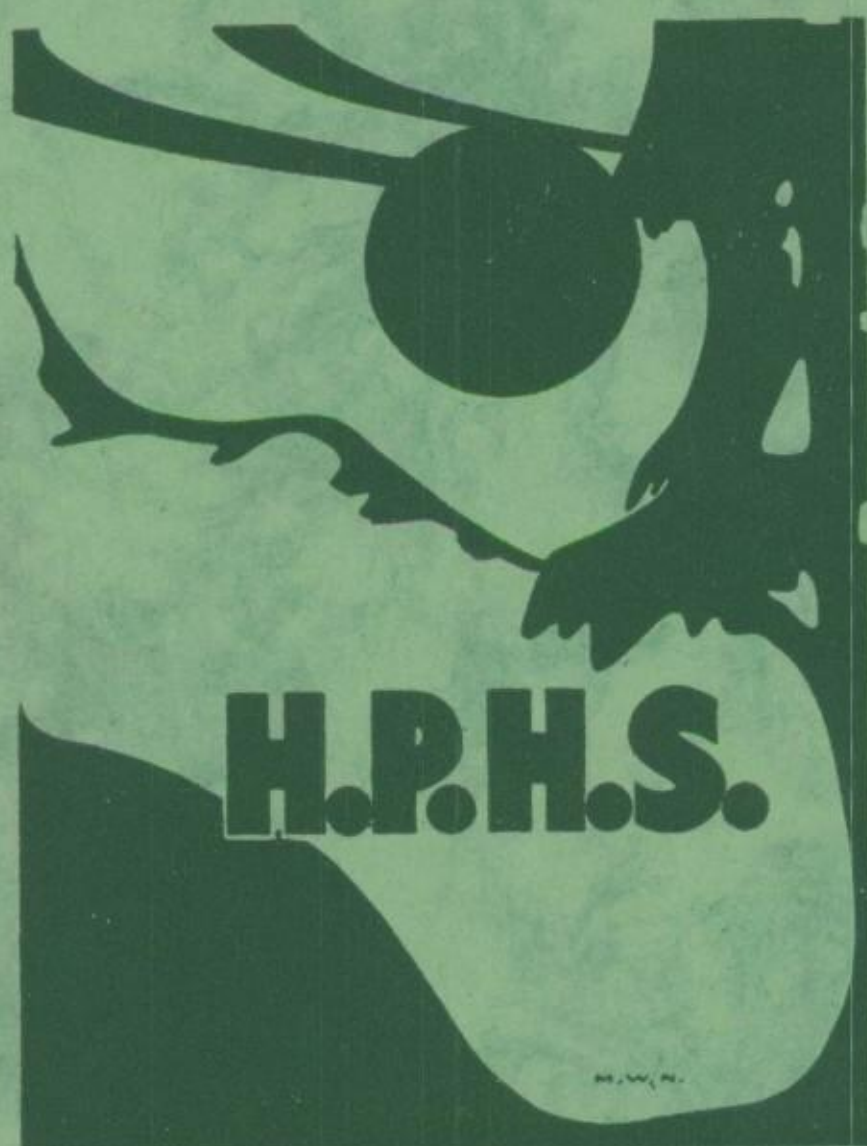

Due to the bad weather the baseball team was not picked when the pictures for the annual were taken. However, two games have been played at the time the annual goes to press, Highland Park has won from Auburn, 2 to 1, and lost to Silver Lake, 6 to 7.

Forty-two Years of Experience

The Truth About the Joke Editor

First you write some little verses,
Then you write some little prose;
Then you sprinkle in some curses
Mingled with your tail of woes,
You send it to her lovingly
She cuts your best points bit by

The pencils marks cry lustily
And you proceed to have a fit.
But still the censor smile severe,
Unconscious of her cruel act,
She marks each joke out slick and
clean
And poor Editor gets none.

About the
CAPPER ENGRAVING COMPANY
of Topeka

The products of this firm are TOPEKA MADE PRODUCTS from start to finish.

Between \$85,000 and \$100,000 worth of them are delivered annually to printers, publishers, manufacturers and other users of commercial art and engravings in Topeka and the Topeka trade territory. All of this business is cleared through Topeka banks. Practically all of its \$60,000 payroll is spent in Topeka each year. The company has one of the smallest labor turnovers of any in the same business in the United States. Its employees are chosen and retained purely on the basis of character and ability, and are paid accordingly. They are not floaters but are permanent citizens, most of whom own their own homes and are raising and educating their children in Topeka.

They belong to the churches, clubs and other institutions that make for a bigger and better city—and there is not a mail order fan in the bunch. This firm has never spared any expense to secure the skilled craftsmen and equipment to keep it and Topeka on the map as the graphic arts supply center of Kansas.

Every item that it uses than can be bought in Topeka is bought here.

It backs with time and money every deserving charity and every worthwhile civic organization or movement for the betterment of Topeka. These are cold facts. You be the judge as to whether or not this firm merits your patronage as a Topeka institution.

She had so many Sophomores she didn't know what to do:
So she lectured the girls and canned the boys,
And thus got rid of most of the noise.

If you loiter in the hallway,
If you walk upon the stairs,
If you whisper in assembly,
Or, if you sit in pairs:
You've got to be more careful,
And you got to look about,
Or, Miss McClure will catch you
If you don't watch out.

Two boys who had been naughty were told by Miss McClure that they must stay after school and write their names five hundred times. One of them began to watch the other unhappily. Why don't you write, Carl? asked Miss McClure. "'Tisn't fair!" he said. "His names Nye, and mine's Steinmeyer."

Louis M.—"Trulan, what's the score?"

Trulan Wilder—"Twenty-seven to nothing in favor of the other side.

Louis—"Well, you fellows haven't much chance, have you?"

Trulan—"Oh, yes, we have. We haven't been to bat yet."
